African Lion Safari
Canada's Original Safari Adventure™

MAC Enrich! Summer Camp takes the campers on a journey of learning, fun, and excitement! Campers will enjoy jam-packed days of engaging activities, enticing workshops, and exciting trips. Activities include STEM, arts and crafts, Islamic Studies, physical activities, cooking adventures and much more!!

Below is a glimpse of SOME of our cool workshops and trips by our AMAZING partners and vendors!

IHAND

Clock Art!

Students will use wooden frames, gypsum flowers and acrylic paintings to create their own wall clocks! This will be a great reminder about the importance of time management while stimulating their creativity!

Set Sail for Adventure!

Campers will become pirates with Pirate's life crew! They will dress in costume, fire the water cannons and haul up the loot, because all pirates arrgh;) They will imagine, play & create outdoors on a pirate ship with the best view of Toronto's Skyline!

STEM Workshops

InnovaSTEM workshops are delivered by highly trained instructors and the latest tools and technologies. Each week, different technology or tool will be explored. Coding, Virtual Reality, Stop-Motion Animation are just a few to name.

Soccer Clinic

This workshop will focus on ball mastery, basic soccer skills, fitness and knowledge of the game in general at age appropriate level.

Tile Art!

Campers will create amazing works-of-art that will nurture their creativity and build artistic self-esteem. Best part, they have to keep their creations for years to come!

Reptilia

Reptilia is Canada's largest indoor reptile zoo, with 15,000 square feet of indoor exhibits featuring over 250 reptiles, amphibians and arachnids. Campers will enjoy a guided tour that will educate them about this amazing world of reptiles.

Puppets-Cool Puppetry workshops

This media arts, creative design workshop uses puppetry design, creation and story-telling. Students learn in a creative, multimedia hands-on production process. Culminating activity includes students producing story-telling media using the puppet characters they create.

Speak and Shine!

In this workshop students will learn to feel comfortable while speaking in front of others. They will learn how to control their signs of nervousness, think fast on their feet and prepare a presentation with proven delivery techniques. Gaining confidence through public speaking is a must for the 21st century!

Summer Fun Under the Sun!

Campers will enjoy a spectacular day in the farm. They will get on a wagon ride to see the crops being grown, pet farm animals in the Kritter Korral and have tons of Fun in Downey's Play Area!
